

Submitter:	Alison Lyon
On Behalf Of:	myself
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1003

I support this measure and believe patients have the right to self-determination. As a hospice nurse practitioner, I have witnessed many people on their end-of-life journey. Medical Aid in Dying can give a person autonomy over that journey. I support a hospice patient's choice for them to choose whatever they feel is best for them.
