Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB1153  
NO on SB 1153

I live in Eugene, Oregon, and I am currently searching for a farm to buy. There are so many bills this session that 'knee-cap' our farmers. They are the back bone of our country. This is a terrible and unconstitutional bill which also violates our bill of rights.

This bill deliberately pits recreation against necessity. Our farms will dwindle away with restrictive transfers and not knowing whether rights will transfer upon sale. Farms depend on water and have always taken care not to hinder water resources, unlike government draining lakes killing fish.

If we have no crops, what good is recreation. If government was really interested in water quality, protecting forest from wildfires, and food supply, they would ban chemtrails that have been shown to contaminate waters and make trees dryer and more ignitable.

Please vote NO on SB 1153 and stand up for ALL Oregonians.

Sincerely,  
Denice Searcy  
Eugene, Oregon
