Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

I oppose SB 1153! This is a shameless power grab by state bureaucracy and attack on rural farmers and residents. It's outrageous that Oregon would attempt to regulate water rights when they provide zero financial support to rural residents and farmers for the installation, maintenance, and testing of wells. Oregon is turning into a communist state that wants to control and regulate everything without providing any additional services. How about Oregon leaders focus on solving real issues like homelessness and crime instead of creating bad policies that harm their hard working families!
