

Submitter:	William Howell
On Behalf Of:	My farm and business
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1153

Dear Committee members:

SB1153 is not in the best interests of Oregonians. I oppose this bill as well, you should too. Any bill that threatens taxpaying, productive water rights is an object of state control. That state control has over-reach as it is. Do not let this bill go any further. Kick it to the curb!
