

Submitter: June Kalkhoven
On Behalf Of: Steele Irrigation and Ditch Company and self
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1153

I am a small land owner and hay grower in Halfway Oregon. I am also the Secretary and Treasurer of a ditch company in Pine Valley Oregon, with 15 separate landowners with adjudicated water rights, most of which irrigate to sustain their individual agricultural, livestock and/ or farming needs and interests.

I oppose SB 1153, it is damaging to us, and I ask you to vote against it.

Please fight for us, your rural Oregonians. Instead of passing bills that hurt us, like SB 1153, I ask you to please work on ways to help save and protect our Individual and collective water and land rights, and to support our, your, Oregon agricultural and farming communities, rather than diminish or harm them.

Please vote NO on SB 1153.

Thank you for your consideration.

Respectfully, June Kalkhoven
