

Submitter:	Conrad Guerrero
On Behalf Of:	Quality Cleaning
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1153

I STRONGLY OPPOSE Senate Bill 1153 as it is another ill-conceived political move that interferes, obstructs, and violates our water rights that have existed in good faith.

More importantly, history has shown us that these political moves are, more often than not, short-sighted and filled with unforeseen expensive consequences that do far more damage than they purport to solve.
