Sally Freeman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

Please vote against this confusing and unnecessary water rights bill. Family farms need less red tape, not more. Oregon needs less regulation to encourage business such as farms. Thank you for your service. Please work for efficiency, smaller government, lower taxes, etc. We need to enforce the regulations we already have (or decide to abolish ones we don't need), not make up more.
