

Submitter:

Cheryl Kinney

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

My family is in the water well drilling business and the Water Resources Department time after time hits us with fees and regulations that benefit no-one but themselves. I do not trust them to be for the home owner or businesses who service them in this matter. Once their foot is in the door - oh, wait! - it already is.
