Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1153

I oppose SB 1153 that would negatively impact rural farmers. We are longtime environmentalists, but this has nothing to do with implementing conservation measures. We had a local organic farmer who was forced to shut down selling their local produce because they claimed they didn't have adequate water rights. We should be doing whatever we can to support these small, family farms who are providing healthy food to our communities. This will also impact all of us. I urge you to VOTE NO!
