Jean Cole

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

This bill causes undue obstacles for our Oregon farmers. I strongly oppose bills that create hardship for our farmers to get their crops to our tables. SB 1153 increases hardships that are NOT needed for Oregonians and their need to have access to produce and crops that are locally grown at a reasonable price. Please do not support this bill!
