

Submitter: Beth Myers

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1153

I oppose SB1153. We need water for people in Oregon. For one thing, stop allowing water to be used for bottled water where the water leaves the state and does not rejuvenate Oregon's water cycle. Tighten leak loss in water systems. We see Water Resources concentrating on aquatic resources mainly.

Water Resources only uses "one arrow in the bow". Let's get some different people with more thinking power if this agency can't get beyond this.
