SB1003

There is no reason acceptable to shorten time for a suicide decision.

Many drugs and anti depression drugs could be still creating effects..even two weeks would not allow time for drug rehab from a existing source.

I object to CLEANSING THE POPULATION BY SUPPORTING KILLING THOSE YOU FIND NOT USEFUL.

Drugs with held by Kaye Brown resulted in thousands in care homes dying. It was a act of terrorism.

Suicide is really never a option beyond Hospice care that provides the best practices to die with dignity and with less pain..

This legislation PAINTS OREGON AS A DEATH STATE. A deliberate act condoned by the nations worst Govenor Tina Koteck.

My vote and efforts go to seeing Oregon once again called LIFE STATE, WE USED TO SAY KEEP OREGON GREEN..Healthy.. not environmental extremism but healthy people and land.

YOUR LEGISLATIVE VOTE CASTS YOU AS A DEATH OR LIFE PROPONENT THAT WE WILL REMEMBER
