

Submitter:

Crystal Kelly

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

I Crystal Kelly oppose this bill. We as home owners use our well water responsibly. There is no need for the government to monitor our well that we paid for. Unless the government is going to start paying for my well maintenance and testing there is no reason for you to be involved with my property or my well rights.
