

Submitter:

Elizabeth Coleman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

Current permitting reviews are already strict for municipalities, as there are a number of federal agencies with extremely time consuming review authority.

Sovereign Tribal Nations: If tribes have expressed their desire and right to be more directly involved in water rights decisions that impact their communities, address this issue separately, work toward a remedy outside of this bill.

The farming communities should have the opportunity to be part of working towards feasible options that directly affect their livelihood.

Thank you,
