

Submitter: Karen Dady
On Behalf Of: Myself and other farmers and citizens that have ac
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1153

I do Not support this Bill. I feel it is unfair to our farmers to be held at a restricted water rights. Where cities can just keep expanding with no restrictions. I would like to see water rights be left alone. This will ruin the future of Oregon and all the people who live here.

Thank you!
