

Submitter: Lisa Stunkel  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB1153  
SB 1153

I'm appalled at the constant attack on Oregonians! Now attacking small farms and small event spaces that depend on their water rights and the value that it brings our properties. You (the government) do not own the water. We the people who reside in this state have rights to water that we pay for. I'm sure you have all kinds of reason why you think this is your business, but the truth is you are a representative of us so STOP trying to control what is not yours.

First our wells and now our water rights! You people are arrogant power hungry controlling and mis guided representatives of this state who I hope all get voted out....oh wait we have mail in ballots.

If I sound angry and fed up it's because I am. You representatives have failed,

- [ ] Forest management
- [ ] Trying to steal the kicker
- [ ] Taxing us to death
- [ ] Water rights
- [ ] Wells
- [ ] Fire map
- [ ] Education

It just never ends!

R. L. Stunkel
