

Submitter: Richard Harden
On Behalf Of: Myself and the people of the state of Oregon
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1154

I have posted my opposition to this bill since the beginning. It is intrusive government overreach. The state of Oregon is on full attack mode against rural oregonians. Just remember that the people of rural Oregon vote also and will not stand much more of the attack on their way of life. This is the democratically controlled trying to control people's water in order to control them. Water is life and without it there is no life. Also giving the government access to my property without my approval or a court order, violates my constitutional rights. I ask that the powers that be give reconsideration to 1154, and vote no on the over intrusive overreach. This bill will only effect the people you serve in a negative way. And there will be a reconning when the next vote comes up. You can not justify this bill and its overreach. Thank you for your time and consideration in this matter. Vote no on the 1154 bill.
