

Submitter:

Marjorie Wilkie

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB1153

State Representatives & Senators,

I'm a widowed senior who shares a property with my daughter. We pay for our property and are responsible for the maintenance for the purchase and maintenance on our well. Is the State of Oregon prepared to purchase and pay for all future maintenance of our pump, pressure tank, and all waterlines, both underground and in the dwellings?? I think not so keep your meters OFF our well and property!! Please vote No one yet another attempt to take our land, as if high taxation isn't bad enough!

Respectfully,

Marjorie Wilkie
