On Behalf Of:	SB1154
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1154

When will this end. We have a right to Water, IT IS A LIFE SOURCE, and you don't belong on anyone's owned property to invade our CONSTITUTIONAL RIGHTS. All you need to do is keep our water clean and that's that. Next what are you going to do monitor rain drops ??.

So I oppose SB1154
