Measure, Appointment or Topic:

SB1154

So here we go again in opposition of Senate Bill 1154. There have been some changes to it, but it's still not enough. The Oregon governor needs to leave our land and water rights alone. This is overreach and ignoring our fourth amendment rights we the people put you in office And you work for us. All of this behind the scenes work on this bill and most Oregonians know nothing about it. It's not fair to pass bills when most of the majority don't even know this is going on. We are not all guilty of polluting the ground water so we should not be penalized. I am still in opposition of this bill. It still needs more work.
