SB238

I am firmly opposed to SB238 A and any attempt to expand law enforcement's use of drones. Current regulations already provide law enforcement with significant access to unmanned aircraft systems—more than enough for their needs. Any further expansion would constitute an unacceptable intrusion into our privacy and civil liberties. I strongly object to any changes that would loosen or broaden the restrictions on drone usage by law enforcement. Please reject SB238 A and protect our right to privacy. Thank you.
