I am writing in opposition to SB 1154.

Some of the language is so vague and broad that it leaves one to wonder, was this law written with intentionally vague verbiage to justify the overreach of public officials and circumvent the 4th amendment and private property laws? One of the examples I refer to is in Section 19 "best available information..." as an excuse to enter private property.

For the sake of brevity, I would ask you to please listen to the testimony of CJ Nugent and others who are raising valid concerns.

Thank you,

Thank you.
