SB238

I urge you to vote against the enactment of SB 238. I understand the benefits of drones to law enforcement, as explained in previous testimony by police and sheriff staff members. But I also see the danger of the misuse of drones. Recent events at the federal level demonstrate that privacy and other fundamental rights can be easily violated, and our private information used for unconstitutional purposes. I believe that court oversight is crucial in maintaining fairness in the use of drones, and I oppose SB 238.
