

Submitter: Bruce Barbarasch

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Dear Lawmakers,

Thank you for your work to improve transportation options. I appreciate the work you've done to date, but I am writing to implore you to amend the bill and add funds to include off street trails via the Oregon Community Paths program. Trails are important transportation options for people from all walks of life. More than 80% of Oregonians use paths. They are great ways to keep people active and healthy while getting to important community destinations. Trails serve local communities, but can also be tourist draws that bolster other community efforts.

Sincerely,  
Bruce Barbarasch  
Portland, OR 97214
