

Submitter: Mason Gregory

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please quit saddling the tax payers with more taxes! I and everyone I know are struggling to pay our bills and instead of relief you continue to pile on the heavy burden. What Oregon needs is politicians who actually want to ease our tax burdens not bury us under them. WE ARE DROWNING and can't afford what you are trying to pass
