I oppose this bill because it tax seniors more who already struggle with the cost of living and medical expenses. This congress does not care about seniors struggling with property taxes and taxes on goods and services with no relief from our politicians . I was born in this state and retired here but it will get to the point I may have to leave just to be able to afford to live. I am hoping that the Idaho coalition is successful because Idaho has a lower tax base than Oregon. Idaho also gives property tax relief to seniors and overall tax rate is lower , if the Oregon politicians keep taxing us at this rate there won't be enough people to support Oregon. Stop spending our tax money on illegal aliens and work with what you have and let us pursue our happiness and enjoy living in Oregon.
