Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1154

I ask you to oppose SB1154 and similar legislation that would impose new fees, metering requirements, or state control over private wells and well drilling. The public is completely against this kind of government over reach and we are tired of the legislature who has no focus on what is important for the state and those of us that live in Oregon. If you aren't able to listen to your constituents, it is time for your constituents to vote in new freedom-loving Senators and Representatives. I oppose this SB1154 bill.
