Measure, Appointment or Topic: HB2025

I as a Oregonian and a husband and father I can not afford for you to take more of my money when my streets are full of pot hole that damage my vehicle which you the state don't fix or pay for so why do I pay for registration and fees when my roads aren't vehicle worthy but my vehicle has to be road worthy? I'm sick of the democrats mismanagement of funds enough is enough no more I oppose this ungodly bill 2025
