

Submitter: Michael Koerner

On Behalf Of:

Committee: Joint Committee On Tax Expenditures

Measure, Appointment or Topic: SB120

My business, Koerner Camera Systems is the primary supplier of camera packages in the Pacific Northwest. We have done most of the major productions that have come through the region for the past 20 years, from Grimm and Wild to Portlandia and Criminal. The increase in the film incentive will have a direct impact on my business and employees which will in turn have an impact on the rest of the film community. Over the past year we have reduced the number of employees from 14 to 9. Whatever the State can do to increase the amount of production coming to Oregon will be extremely beneficial.

Thank you for your time. Michael Koerner
