

Submitter: Michelle Brown

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose this measure! I cannot afford all of these extra fees. It's already bad enough to have the fees, but this makes it unable to practically live in Oregon at all. Wages don't keep up with the inflation, and this will make our family destitute. Stop increasing fees & taxes. Balance the budget, be accountable & do the will of the people who live here.
