SB1154

No! I OPPOSE!

Protect Oregon landowners' Water Rights! NO TRESPASSING!

Dont take water recreation rights either when DUI follows through with decommissioning HULT DAM. No public vote for land trade. Why do we have to sacrifice our federal water recreation right gift documented with Oregon. We want to keep it! We want our right transferred since we had no vote on this govt deal. The HULT Dam and the Reservoir are our rural fire pond too! Our fun and protection. It is in Horton, not Noti like the project indicates. Yet, all water fun iwill be taken away. By the weight of one BLM/UTI man to decide. Slowly, but surely the majority of neighbors lose. Govt does that. Just stop! No! Please hear my plea as the "hurt" continues.
