Our Oregon taxes are out of control. As horse owners in Oregon, we already carry a heavy load: rising feed prices, land costs, and regulatory fees. HB 2025 calls for increases to the gas tax, payroll tax, privilege tax, vehicle use tax, registration fees and the creation of a transfer tax.

Oregon is beautiful, but living and working here shouldn't come at such a high cost. We say NO to more expenses that make horse ownership harder and less sustainable.
