

Submitter: Debbie Christian

On Behalf Of:

Committee: Joint Committee On Tax Expenditures

Measure, Appointment or Topic: SB120

Please support the incentives that help to put Oregon in small and large film projects. The rebates (reimbursement) for a percentage of the labor and goods purchased during a project keep jobs local in our state and give us exposure for the beauty that we all love; this support (rebates) can only benefit Oregon with added tourism dollars and hopefully encouraging others to move here. The Fund also supports Oregon Media Pathways-the main workforce development project of the Industry in the State. Thank you!
