On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Dear Co-Chairs McLain and Gorsek, Vice Chairs Boshart-Davis and Starr, and members of the committee:

My name is Gordon Molitor. I live in Portland.

First of all, I want to thank you for all the hard work that you have put into this important Bill.

I'm testifying today in general support of the Bill and asking you to make several changes to make the Bill advance our climate goals and improve our public transportation.

Please fully fund programs that improve air quality and lower pollution by funding clean transportation programs to help low-income Oregonians purchase electric vehicles, put more clean, zero-emission trucks on our roads, and expand charging infrastructure statewide.

Please fully fund programs that expand safe streets, public transit and passenger rail. These programs save Oregonians money on gas, parking, and car maintenance, and make our communities more livable.

Please pass a transportation bill that builds a future where every Oregonian has access to safe, reliable, and sustainable transportation options. I urge you to pass a transportation package this session that moves Oregon forward.

Sincerely,

Gordon Molitor
