

Submitter: Sue Rahi

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Are you for real, trying to make living in Oregon even more expensive than it currently is? Already we have more government workers per capita than almost any other state. If you need more money, let some of them go. Especially get rid of those who serve no real purpose to the taxpayers like DEI and equity directors. We can't pay any more!!!
