Measure, Appointment or Topic: HB2025

HB 2025 is nothing short of a reckless giveaway. It demands more from Oregonians while doing almost nothing to ensure ODOT spends a single dollar wisely. This bill hands unelected bureaucrats a blank check, with no real oversight, no transparency, and no reform. It's outrageous that Democrats would expect families to pay more while refusing to fix the broken system they're funding. I oppose HB 2025!
