

Submitter: Dawn Finberg

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

These taxes harm everyone, but mostly seniors, families, the disabled, and low wage earners. Again, we have to pick up the tab for poor management, fraud, waste and abuse of the funds already provided. Find out where the money has gone before giving them more of ours. The citizens of Oregon cannot afford any more taxes!
