

Submitter: E B

On Behalf Of: Overburdened Taxpayers

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is E from FC, Oregon. I strongly oppose HB 2025. A 37.5% gas tax hike, \$70+ title fees, \$50+ registration fees, and driver's license fees skyrocketing up to 270% are outrageous. Tying the gas tax to inflation means crushing us without requiring legislative accountability - OR - justification, for years to come! Democrats want us to pay for empty buses and useless bike lanes while we're stuck in traffic and struggling to afford basics. Oregon's cost of living is already too high—this bill will bury us deeper in debt. Please reject HB 2025 and protect working Oregonians now.
