Salem, OR 97301

RE: Formal Opposition to HB 2025 and Notice of Grassroots Response

Dear Members of the Oregon Legislature,

I write to you today in strong opposition to House Bill 2025, which represents yet another blow to the hardworking people of Oregon. As a duly elected Republican Precinct Committeeperson, I represent the voices of the silent majority — Oregonians who are fed up with being overtaxed, underpaid, and misrepresented.

Oregon is currently one of the most expensive states to live in, yet it consistently ranks near the bottom in terms of wages and purchasing power. The people of this state are being crushed under the weight of skyrocketing housing costs, inflated grocery and utility bills, and burdensome taxation. Rather than offering relief, the Democratic majority continues to push legislation that exacerbates the problem — and HB 2025 is no exception.

This bill reflects a pattern of reckless spending and unsustainable government expansion. Oregonians are not asking for more government programs; they are asking for affordable living, safer communities, and economic opportunity. Instead, HB 2025 will divert taxpayer dollars and increase costs at a time when working families are already struggling to survive.

If lawmakers continue to ignore the will of the people, the people will respond. Republican precinct committeepersons across this state are mobilizing. We are organizing to hold our elected officials accountable — including through lawful recall efforts of any legislator who supports policies that further erode Oregon's affordability and freedom.

We urge you to vote NO on HB 2025 and to instead support legislation that reduces the cost of living, respects taxpayers, and restores financial sanity to our state government. Oregonians deserve better — and if the Democratic majority refuses to change course, we will do everything in our power to ensure that they are changed out.

Respectfully,  
Chad Johnson  
Oregon Republican Precinct Committeeperson
