

Submitter: Philip Flanery

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Between taxes and inflation my family is struggling to make it in Portland. I was born here and used to love this city but has become too expensive. Taxes are already way to high. Any more and I'm afraid I won't be able to pay my mortgage. I think city leaders need to manage taxpayers money better and stop wasteful spending.
