Measure, Appointment or Topic: HB2025

As a long time resident of Oregon, and having been licensed to drive for more than 45 years, I strongly oppose this bill. Oregon does not need, is yet another increase to our taxes. We are struggling to make ends meet as it is. Adding to the burden goes against our best inter-ests. Let the residents of Oregon claw their way out of the hole we have been put in these last 4 years.

Please vote 'NO' on the increase of our taxes.
