Support for HB 2025 – STIF funding

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I'd like to write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon. Public transit is foundational to a just and accessible society and a huge part of the reason I moved to this community.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians from being stranded without the transportation access they depend on. Please support HB 2025.

Sincerely,
Audrey Moss
