Measure, Appointment or Topic: HB2025

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

Trimet is my sole motor transportation. I use it daily from SE Portland to the city center. I sold my car because I know I could rely on Trimet. If this resource wasn't available it would affect my daily life in a negative way.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,

Warren Ani
