Support for HB 2025 – STIF funding

Dear Co-Chairs McLain and Gorsek and Members of the Committee,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

My family regularly uses bus, Max and streetcar services throughout the city. Removing or reducing these services would mean that we would have to drive adding to traffic congestion and pollution. Or also meaning that we couldn't access certain city events, services or businesses.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,

M Larkin
