

Submitter: Kandi Larson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am a Home Care Worker for Aging and Disability. I don't drive and I depend on the transit system to allow me to get to the people who depend on me.

It also allows me to do everyday things such go shopping, get to appointments, etc.

Please pass this. The livelihoods of so many Oregonians depend on this.
