

Submitter: Crystal Oldfield

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Portland's public transportation is very important to me as someone with a disability and without a car. Public transit allows me to easily connect with other neighborhoods in the city and I find a sense of community in being able to do so. I would love if our transit system was supported enough that more people want to use it. It would cut down traffic and make Portland more sustainable.

Thank you,

Crystal
