

Submitter: Danny Marie

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Public transit is humanist. It supports people of low income, the working class that holds our city together. To decrease funding is ridiculous and will severely and disproportionately impact those of low income. This is a class issue, this is a human rights issue. We rely on public transit to get us to our jobs, to help us run our errands, and to participate in the economy. The more efficient public transit we have the better our city is.
