

Submitter: Dustin Hepler  
On Behalf Of: Family of four  
Committee: Joint Committee On Transportation Reinvestment  
Measure, Appointment or Topic: HB2025

As family with two children ages 2 and 10 months I absolutely cannot afford more taxes regardless of the reason! I am currently an unemployed union electrician, one of almost 1000 currently out of work in our local IBEW 48. This state is taxing its citizens for the problems created and nurtured by our seemingly useless politicians. So as my income has drastically decreased in our house we have found ways to make our budget work as best we can, and I expect our government to do the same as myself. Thank you for your attention to this matter.
