Measure, Appointment or Topic: HB2025

My name is David Burton from McMinnville, Oregon. I'm strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is unacceptable. This bill punishes working families just trying to get by. I entering retirement status and the taxes and inflation and all costs are causing the future to look bleak. Oregon already has the 2nd highest taxes in the nation last I heard. The growth of Oregon taxation and spending has far outstripped the combined rates of inflation and population growth. Enough is enough, or in this case already much more than enough.
