Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

The present gas and license tax are already excessive. Both of these taxes have already been increased in the last two years. You, as the representatives of the people, should be aware of the still increasing consumer prices that affect all of us. More added taxes on top of heavy taxes is unacceptable and in this present economy is unwarranted. Please consider alternative means to restructure your budget to better meet the peoples needs. Thank you.
